

Gene and Cell Therapy Program in Hematology

Friday, Dec. 15 09:00 am – 12:30 pm

Monday, Dec 18 01:30 pm – 05:30 pm

Tuesday, Dec 19 02:30 pm – 06:30 pm

Ospedale Policlinico di Milano

Pad. Monteggia

via Francesco Sforza, 35

Friday, December 15

09:00 am – 12:30 pm

Ex vivo Gene Therapy - Gene addition and Gene Editing
Traditional and New Tools to Achieve Curative Therapies:
Success and Limitations.

01:30 pm – 05:00 pm

In vivo Gene Therapy - Viral and non-viral approaches
The use of novel technologies to overcome the limitations
of traditional gene therapy.*

Monday, December 18

01:30 pm – 05:30 pm

**Cell Immunotherapies: An overview of the Technological
advances in Malignancies.***

Tuesday, December 19

02:30 pm – 06:30 pm

Clinical Application

Clinical trials based on Gene Therapy Approaches: Where
we are and where we are heading?

Speaker: Laura Breda - Research Assistant Professor of Pediatrics,
Children's Hospital of Philadelphia, Abramson Research
Center, Philadelphia (PA), USA

Language of instruction: English.

*This seminar will include a Journal Club. In order to receive the papers, please register at
